| SMART EXIT

Convenience and safety in the self-checkout zone

I SMART EXIT

Simple! Quick! Safe!

■ **Smart Exit** ensures safety and convenience in the checkout (SCO) area.
Wanzl AI and sensors monitor the self-checkout area, making shopping as convenient as it is safe.
Wanzl AI sensors record, verify and manage processes in the SCO area. After paying at the SCO terminal, customers leave the store via the exit gate. They do not have to scan their receipt. Smart Exit communicates with all Wanzl exit gates and releases the exit.

↑ **INTELLIGENT SENSORS AND AI**
monitor the checkout area

↑ **SMART EXIT** ensures
a smooth exit

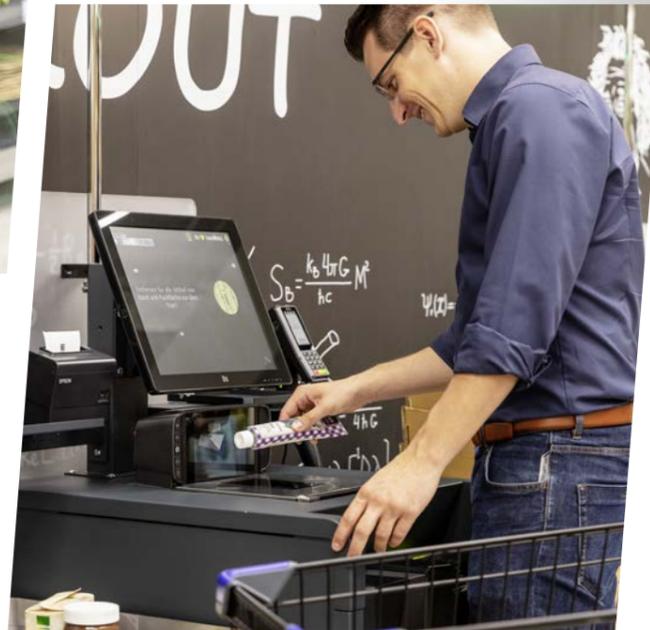

↑ **WANZL AI AND SENSORS**
monitor and control
· customer entry to the self-checkout zone
· customer scanning of purchases
· exit gate opening

← **SCANNING**
at the SCO terminal

I SMART EXIT

Installation overview

■ **The system** is easy to install, as no connection to the checkout system is required.

LAN
wanzl connect
VPN (remote support) **Ethernet switch**

110-230 V AC

LAN PoE
