

The GT26

Handheld, mobile, convertible.

The GT26

■ **The GT26 shopping basket** makes spontaneous purchases and a quick shopping trip easier and more fun. The ergonomic, semi-circular design allows the basket to be carried close to the body to lighten the load.

- > *Ergonomic design.*
- > *Available in attractive colors.*
- > *Basket made of 100% recycled material.*
- > *Customize the labeling and handle color.*

Eco Inside

The basket of the GT26 is made entirely from environmentally friendly recycled material.

Attractive Colors

With carefully selected handle colors, each shopping basket can become an eye-catcher.

Customizable

In addition to the standard designs, you can also customize the labeling & handle colors. *Call customer service for details.*

Ergonomic

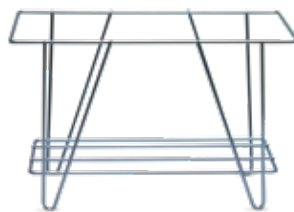

The semi-circular design allows the basket to be carried close to the body to lighten the load.

Stand Options

We offer two different stand options that fit the GT26. Both stand options safely hold up to 15 baskets.
